

For First Terminal Examination -2083

Class-10

Subject: Optional Mathematics Course Contents:

Algebra	Functions, Matrix and Determinants
Trigonometry	Compound Angles, Multiple Angles and Sub-Multiple Angles
Coordinate Geometry	One Point Form and Two Point Form, Angle between two lines.
Statistics	Grouped Data, Quartiles and Mean Deviation
Continuity	All

For Second Terminal Examination -2083

Algebra	Functions, Matrix, Polynomial and Surds
Trigonometry	Compound Angles, Multiple Angles, Sub-Multiple Angles, Transformation of Trigonometric Ratios, Conditional Identities and Trigonometric Identities
Coordinate Geometry	Conic Section
Statistics	All
Continuity	All
Vector	All

For Third Terminal Examination-2083 Course Contents

- ALL courses according to CDC
